Ashtray outside diameter mm 300

Ashtray inside diameter mm 170

Basket diameter 300 mm

Basket height 500 mm

Basket capacity 35 litres

Distance between the containers 300 mm.

Rubbish bin made of AISI 304 L glazed finished stainless steel consisting of a basket in curved sheet with round holes in bottom side and base in drilled sheet: the basket is provided with a bag fastener ring.

The optional covering acts as an ashtray and is screwed to the bearing structure.

The bearing structure consists of a tubular curved bar anchored to a triangular plate with round shaped corners.

The plate can be provided with clamps to be drowned into the concrete plinths casting or with holes for the fastening by means of synthetic resin plugs and screws.
